### Healthcare Cyber Security

#### S U M M I T

[sans.org/event/healthcare-summit-2014](http://sans.org/event/healthcare-summit-2014)

Please join us for the Healthcare Cyber Security Summit this **December 3-10**, 2014. SANS is teaming up with the National Health Information Sharing & Analysis Center (NH-ISAC) to offer this important event. NH-ISAC has over 150 member firms sharing cyber security information exclusive to the healthcare industry. Work with us to bring together community and vendor talent, as well as ideas to develop new solutions and demonstrate security technology.

SANS will be offering the following courses at the Summit:

**ICS410: ICS/SCADA Security Essentials - Eric Cornelius**

**SEC301: Intro to Information Security - Keith Palmgren**

**SEC504: Hacker Techniques, Exploits & Incident Handling - Bryce Galbraith**

**SEC542: Web App Penetration Testing and Ethical Hacking**

**FOR508: Advanced Computer Forensic Analysis and Incident Response**

**SPECIAL: Healthcare Cyber Security Summit**

Healthcare is in an exciting time of change. At this unique event, security experts from leading health care companies will discuss proven approaches for securing and succeeding in the new health care environment. Meet leaders from the top health care organizations and see what really works in securing health care. The Summit is the place to come and learn how health care organizations can balance the security, compliance, and innovation required to thrive in the quickly changing market. We look forward to seeing you there!
