### SANS **ROCKY MOUNTAIN** 2014

[www.sans.org/event/rocky-mountain-2014](http://www.sans.org/event/rocky-mountain-2014)

Please join me in Denver, Colorado for SANS Rocky Mountain 2014, June 9-14! We are offering five and six day information security courses in IT security, security management, and computer forensics. Set yourself apart from others in the field by taking the training and certification that will prepare you to defend your organization.

Choose from the following course line-up:

**SEC503:** Intrusion Detection In-Depth - Mike Poor

**SEC401:** Security Essentials Bootcamp Style - Dr. Eric Cole

**SEC504:** Hacker Techniques, Exploits & Incident Handling - Michael Murr

**SEC542:** Web App Penetration Testing and Ethical Hacking - Seth Misenar

**SEC560:** Network Penetration Testing and Ethical Hacking - Kevin Fiscus

**SEC566:** Implementing and Auditing the Critical Security Controls – In-Depth - James Tarala

**FOR408:** Windows Forensic Analysis - Mike Pilkington

**MGT414:** SANS® +S™ Training Program for the CISSP® Certification Exam - Eric Conrad

This event also features a vendor showcase and exciting bonus sessions such as “Continuous Ownage: Why you Need Continuous Monitoring” presented by Seth Misenar. Bonus sessions are open to all paid attendees at no additional cost, so register today for SANS Rocky Mountain 2014 and get the best computer security training money can buy.

When you attend SANS Rocky Mountain 2014, you will see the SANS promise in action - what you learn in the classroom you will be able to use immediately upon returning to the office. With a reputation for being the most trusted source for information security training and an eagerness to help you meet your training objectives, SANS is the best choice for IT security education. I look forward to seeing you in Denver!
