Stephen's Pick for May

SANS Baltimore Spring 2016

www.sans.org/event/baltimore-spring-2016

Please join us at SANS Baltimore Spring 2016, where we offer hands-on, immersion-style security training courses taught by real-world practitioners. With cyber-attacks and data breaches on the rise, attacks becoming more frequent, sophisticated and costlier, the gap in the ability to defend has become wider and more time sensitive. Now is the perfect time to take the next step in your career.

Choose from the following courses:

SEC401: Security Essentials Bootcamp Style - Paul A. Henry

SEC501: Advanced Security Essentials - Enterprise Defender - Keith Palmgren

SEC504: Hacker Tools, Techniques, Exploits and Incident Handling - Michael Murr

SEC505: Securing Windows with PowerShell and the Critical Security Controls - Jason Fossen

SEC511: Continuous Monitoring and Security Operations - Christopher Crowley

FOR408: Windows Forensic Analysis - Mike Pilkington

MGT414: SANS Training Program for CISSP® Certification - David R. Miller

**MGT512: SANS Security Leadership Essentials For Managers
with Knowledge Compression™** - G. Mark Hardy

MGT514: IT Security Strategic Planning, Policy and Leadership - Mark Williams

This event also features several exciting bonus sessions, such as “Evolving Threats” presented by Paul A. Henry and “Security Without Exception” by Mark Williams.

Cybersecurity is more vital, crucial, and important to the growth of your organization than ever before. Join us in Baltimore to gain the skills and knowledge to help your organization succeed. Our instructors will ensure that you not only learn the material but you can use it immediately when you return to your office. This is the SANS Guarantee that you will see in action at SANS Baltimore Spring 2016. Register today!
