Test Yourself! - Unix Knowledge Answers

Below are the answers to the Unix "Test Yourself!" quiz.

We recommend that students wishing to take any of the following courses:
  o   Track 6 – Securing Unix
  o   Track 8 - System Forensics, Investigations, and Response

be able to score 70% or higher (42 or more correct out of 60 questions) before enrolling.

While this quiz alone cannot completely measure a student's readiness, it should be used as a guide to estimate your preparedness and help you to get the most out of your SANS course.

If you score less than 70%, you may wish to consider:
  o   additional self-preparation before class;
  o   taking a more introductory course, such as SANS Security Essentials, or Information Security Officer Training.

Quiz Answers:

1. a
2. a
3. b
4. d
