APT Panel

• Is the U.S. government responding correctly at a policy level? What can be accomplished better?
President Obama, we’re tired of China pwning American interests.

Eric, I had no idea – Howard tells me “there is no cyber war.”

Howard, I’m afraid there is a cyber war and we are losing.
China is a threat. Cyber war is real. We will defend American interests.
President Hu, stop pwning American companies.
