

Uhm...what's the question?

Rank a list of tools in order of importance that are in your incident response jump kit.

Who am I?

- Incident Responder/Forensic Analyst, in the corporate arena
- QSA (...but don't tell anyone...)
- Author of *Windows Forensics and Incident Recovery* (AWL, 2004)
- Author of *Windows Forensic Analysis 1/E* and *2/E*

The Answer

- Imagers (FTK, dd, etc.)
- Perl
- Various CDs (tools, bootable, blank)
- That grey goop between your ears
- ...and of course, Cory Althiede

Mike Poor ??
