“FOR578 is outstanding! It has taught me many things that I can take back and start implementing.”
- Josh Sutfin, CenterPoint Energy

“ICS456 is 100% directly related to what I need to know to do my job well. If you’re an entity, in the field, an auditor, or even a regulator, you will get a lot out of this course.”
- Matt Dale, FERC

“MGT514 gives me exposure to a broad spectrum of leadership and organizational topics that I can use to develop my career.”
- Andy Wcisel, Consumers Energy

SANS offers training at our live events, including the Oil & Gas Cybersecurity Summit, and training online. Visit sans.org/training to view classes by modality. Access course demos with the OnDemand Platform.

GIAC Certifications provide the highest assurance of cybersecurity knowledge and skill available to clients across the world. GIAC Certifications meet ANSI / ISO 17024 standards and align with the NICE framework.

SANS Security Awareness Training covers every end-user, no matter their learning level. Create a culture of security awareness with programs such as End-User Training, Phishing Training, and Developer Training.

Power & Utilities Cybersecurity Training Roadmap
