▶⏸ OnDemand

SANS OnDemand courses are perfect for students who want the comprehensive content of a SANS course and the flexibility to train without the need to travel or take time from work. With complete control over the pace of learning, SANS OnDemand fits every learning style.

With **45+ SANS courses** to choose from, you'll have access to:

Four months of content, available 24/7
Explore your course content at any time during your training, giving you control of your own pace, learning environment, and schedule.

Lectures, quizzes, hands-on exercises, and virtual labs
All instructor lectures, class exercises, and virtual labs associated with each module are available to you for four months. With the ability to revisit and review complex or difficult topics, you'll have plenty of time to master the content and reinforce what you've learned through real-world, hands-on exercises.

Subject-Matter-Expert support
SANS Subject-Matter Experts (SMEs) are available to answer any questions you may have and to help break down complex topics. Our GIAC-trained SMEs can help build your confidence with the content and ensure your success as a student.

Electronic, full-color courseware, materials, and course progress reports
Everything you need to be a successful student is included with your course. After you've registered, anytime you want to learn over the next four months, you can enjoy easy online access to your ebooks and course media – including lectures, virtual labs, and hands-on exercises. Regular course progess reports help you stay on track, pick up where you left off, and plan your training schedule accordingly.

GIAC certification attempt prep
OnDemand courses are also a great way to help you prepare for a GIAC certification attempt. With extended access to course content, you'll have plenty of time to review and master the material and study for the exam with confidence.
