Stephen's Pick for June

SANS Salt Lake City 2016

www.sans.org/salt-lake-city-2016

Please join us for a new SANS event premiering this summer in Salt Lake City, Utah. SANS Salt Lake City 2016 brings you outstanding, cutting-edge courses presented by our top-rated instructors. Now is the time to improve your information security skills. This event features comprehensive hands-on technical training from some of the best instructors in the industry and includes several courses that will prepare you or your technical staff for DoD 8570 and GIAC approved certification exams.

Choose from the following courses:

SEC401: Security Essentials Bootcamp Style - Bryan Simon

SEC504: Hacker Tools, Techniques, Exploits and Incident Handling - Michael Murr

FOR508: Advanced Digital Forensics and Incident Response - Chad Tilbury

MGT414: SANS Training Program for CISSP® Certification - David R. Miller

DEV522: Defending Web Applications Security Essentials - Johannes Ullrich, Ph.D.

ICS410: ICS/SCADA Security Essentials - Justin Searle

This event also features several timely bonus sessions, such as "Tales from the Battlefield: Lessons in Incident Response" presented by Chad Tilbury, and "The Internet of Evil Things" by Dr. Johannes Ullrich.

The SANS promise is that on your first day back at work, after a SANS training course, you'll be able to put into practice the skills you learned. SANS instructors are experts at providing training that will keep that promise. Choose from these 5-6 day courses, with their corresponding certifications, hands-on exercises, tips, and tricks you'll gain in the classroom for use in the workplace! Take a first-hand look at why SANS is the most trusted source in computer security training, certification, and research. Join us for this exciting new event, and register today for SANS Salt Lake City 2016.
